```

Run: paruj

```
Player 0 score is: 2
Player 1 score is: -2

Session 4
Player 0 hand: 3
Player 1 hand: Queen

Player 0 score is: 1
Player 1 score is: -1

Process finished with exit code 0
```

-I don't add any extra credit function.

-I do it in only one file "paruj.py" all class and run program is in there. To run program use this command "python3 paruj.py"
